St. Louis business men have subscribed \$40,000 toward defraying the expenses of the national Democratic convention in St. Louis the week of July 6. The sum was promised by the St. Louis delegation before the na-tional Democratic committee decided upon he location of the convention.

The committee of St. Louis business men in charge of local arrangements has also arranged hotel accommodations satisfactory to the national committee, and is now planning seating arrangements at the Coliseum where the convention will be held. The national committee will meet at the Southern Hotel next Monday and at this

Mr. Corbett occupied room 117. It is an "inside" room, the windows of which open an the light shaft. The large plate glass skylight at the base of the shaft is screened with a wire netting to prevent articles dropping from the windows on the glass.

This netting extends to within about a foot of the wall on the four sides.

Mr. Corbett says he doesn't know whether he fell feet first or head first. He says the accident must have resulted from a somnambulistic freak, although he never before had reason to regard himself as a somnambulist.

The interior of the Collseum will afford an exceptionally fine, opportunity for holders of guest tickets to view the proceedings of the convention. A line of boxes completely encircles the arena. Tiers of seats rise gradually from the rear of the boxes all about the enciosure. Six thousand persons, it is estimated, can be seated in the boxes in these tiers of seats and is a small gallery which also runs completely about the Collseum. The interior of the Collseum will be beautifully decorated.

C. W. Tobin roomed with Mr. Corbett. He left the hotel Tuesday morning. He told the hotel managers he knew nothing of the accident.

Mr. Corbett expects to leave the hotel on crutches in a few days for home.

The balconies and gallery will also be taxed to their limit. It will probably be the last time the Coliseum will hold such a crowd, as the building is to be torn down at the end of the World's Fair to make room for the new library.

It is expected that in distributing tickets the plan followed at Kansak City four years ago will be adopted. Each of the 50 members of the national committee was given 10 general admission tickets and five platform tickets, a toal of 750.

In addition, each national committeeman was given four tickets for each delegates at the coming convention and this will represent about 4000 additional.

Not until Deputy Sheriff Collins told them that they were making themselves liable for contempt did they reluctantly let the child go.

The question of the custody of the child was brought before the court by habeas corpus proceedings instituted by the father, Otto Oerter. His wife died Feb. 26. 1901, when the child was four weeks old. The baby was taken to the home of his wife's mother, Mrs. Franceska Forster, at 2163 Russell avenue. Oerter testified that he had a bakery business on Chouteau avenue, and that he had an expectancy of participating in the \$100,000 fortune of his father.

When Mrs. Forster was on the stand the child climbed the steps and nestled against her grandmother. Pushing open the gate leading to the bench she looked up curiously into the face of Judge Kinealy.

First by Law.

In awarding the child to the custody of the father Judge Kinealy said that he had no doubt that Ida had received the best of attention at the hands of the grandmother and that the latter had strong affections for the little one, but under the law he could not do otherwise than give the child to the father.

Mrs. Forster and her daughters burst into tears and embraced the child. Her hood and cloak were put on and Mrs. Hell carried her into the corridor. Certer attempted to take the child from Mrs. Hell's arms. Rose Forster, with a scream, rushed between them and pushed Certer back.

Cravenette Bargains.

The mackintosh sale now on at Broad-vay and Pine streets is, without doubt, he largest sale of its kind ever held in

way and Pine streets is, without could, the largest sale of its kind ever held in St. Louis.

Mackintoshes, rain coats and elegant Cravenettes, all sizes, for men, women and children, are being sold at about 20 per cent discount.

The Goodyear Mackintosh Company having failed in its efforts to fight the trust, is forced to dispose of the enormous stock left on its hands at a great sacrifice.

The goods offered at this sale are not shopworn or out-of-date styles; they were made up for this season's trade.

A Cravenette is an article which is not only necessary, but almost indispensable to every person. They supply warmth in cold weather and a much better protection from rain and wind than an overcoat. No one should let the opportunity of securing one of these first-class garments slip by while they can be had so cheaply.

TEARFUL OR CHEERFUL?

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors of Dr. Pierce's Pavorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhea, Female Weakness, Prolapsus, or Falling of Womb which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

Keep the bowels healthy by the timely use of Dr. Pierce's Pleasant Pellets.

NERVOUS AND DESPONDENT

Brockette Sought In Vain For lief By Travel In Foreign

Every nervous, debilitated woman should read this letter of Mrs. R. T. Brockette, a New York lady prominent in American and foreign social circles:

"I have received so much benefit from the use of your Mucu-Tone that I feel I ought not to hesitate in an acknowledgment of my debt to you. In 1900 I went abroad for my health, spending three years in France, Switzerland, Italy, Holiand and England. I was quite weak, and the slightest effort brought on a fit of trembling, so that I had to travel very leisurely. I took the opportunity to consult several good physicians in Paris and London, but the benefit I received from their treatment was but slight and temporary. Returning to New York last fall, I found myself still an invalid.

"My appetite failed, I could not sleep, I had severe headaches and the result of any little shopping trip was always complete prostration. The doctors thought me suffering from nervous debility and mainutrition.

"A short time are a friend received." "I have received so much benefit from

malnutrition.

"A short time ago a friend recommended your Rexall Mucu-Tone to me very highly. I had never thought of using a 'patent medicine,' having a nataral prejudice against them. But I was

weak and sick and my friend's belief the medicine so strong that I bought y first bottle of Mucu-Tone then and

Since then I have bought four other "Since then I have bought four other bottles and am practically a well woman. I cat heartily, sleep soundly, and am no longer nervous and pale, but a hearty, active woman. If my case was as the doctors said, one of nervous debility and malnutrition, then I am sure you have in Mucu-Tone a wonderful remedy for this

"Everyone notices the change in me and compliments me on my good health.

"Grateful for your helpful and healing medicine, I remain, etc.,

Man RJ Buskette \$15 West 116th St., New York City."

How is it that Rexall Mucu-Tone, a matarrh cure, accomplishes this? Simply because it is a catarrhal condition of the mucous membranes of the ody that is responsible for nine out of ten ases of "nerves," ill health, weakness, isspondency and general debility. Mucu-Tone corrects these conditions, t works through the blood, driving out he poisons, healing the sore membranes and revitalizing the blood. In addition this it is the most powerful nutritive onic known to science.

Governor's Emissary, Bearing Truce Proposal, Informed That Fight Will Be to a Finish,

COOK BORE PEACE MESSAGE

Vernon County Result a Shock to Executive Nerves and a Slap at Cook.

"You may tell Gov. Dockery that Mr. Folk does not need the aid of his adminis-tration. You may tell him that we will entertain no overtures for peace from the state machine. You may tell him that we shall recognize no flag of truce. The fight must be fought to a finish. Dockery started it, and Dockery must take the conse-

An earnest appeal from Gov. Dockery for a reconciliation with the Folk cohorts was thus answered by Congressman W. D. Van-diver, manager of the Folk campaign. The olive branch of harmony was extended by the governor, through Secretary of State Sam B. Cook to Judge W. N. Evans of Howell County, an enthusiastic

Evans of Howell County, an enthusiastic Folk supporter.

Immediately after the result of the Vernon County primary, which proved a great victory for Mr. Folk, was announced, Mr. Cook hurried to St. Louis and went into conference with Judge Evans at the Southern Hotel,

It appears that Gov. Dockery showed great disappointment upon learning of the Vernon County landslide, but his political nerves were shocked when he learned that the old-line Democrats of Vernon passing resolutions severely condemnatory of his

Thrust at Cook None Too Gentle.

Four years ago Secretary of State Cook aduced the Vernon County Democracy to adopt resolutions denouncing Col. William H. Phelps and other lobby leaders.

Now the Vernon County Democrats turn sidewise and take this slap at the secretary of state, who is a candidate for re-"Resolved, That we indorse R. W. Mitch-

In the Vernon County campaign the speakers for Mr. Folk excoriated Senator Stone, who resided in Nevada up to the time of his election as governor, Gov. Dockery, Excise Commissioner James M. Selbert and other attaches of the Jefferson City cabinet.

Frank P. Walsh, whose speeches are said to have aroused intense epthsulusm, devoted much time to Senator Stone and his mythical public health society, which

his mythical public health society, which the Post-Dispatch exposed as a preliminary to the famous alum baking powder scandal.

It is now believed that Mr. Folk's friends will oppose Gov. Dockery for delegate at large to the national Democratic convention. The Vernon County convention refused to indorse either Gov. Dockery or Senator Stone for this honor.

Other counties, it is said, will do likewise. There is a movement on foot to make Frank P. Walsh a delegate at large. The friends of Congressmen Champ Clark and David A. Dearmond are urging them, also, to enter the race.

It is now expected that one of the Missouri congressmen heretofore supporting Reed will announce himself for Mr. Folk.

FOLK MEN WIN A POINT IN ST. JOSEPH

Special dispatches to the Post-Dispatch from St. Joseph, Mo., announce that the supporters of Circuit Attorney Folk have won their fight for a primary for the eelc-tion of delegates to the Democratic state

The friends of the other candidates wanted a convention, but so vigorous was the fight against it they became convinced the success of the city was being endangered by the bickerings. The Folk men agreed to provide funds for the expenses of the primary, which was really the only argument against it.

A dispatch from Plattsburg announce

that the county convention there yester-day afternoon split and that each of the two resulting bodies selected delegates to all the state conventions. One conven-tion instructed for Folk and the other for

tion instructed for Folk and the other for Reed. At the primaries Saturday, Folk got M delegates and Reed 21, with 8 contested. At Versailles the Morgan County Democratic committee, by a vote of 20 to 5, has ordered a primary for May 7.

At the Saline County Democrate judicial convention a resolution was adopted calling on the county committee to resoludits order that all candidates sign a piedge to support the entire ticket before their names may be voted on. The vote was 42 to 29.

The Benton County Democrats yesterday afternoon instructed their delegates for Folk and those of Randolph instructed for Reed. The Crawford delegates are not instructed, but are presumed to be for Hawes Grundy also chooses an uninstructed delegation.

Folk captured Clinton County at the primaries yesterday, getting 80 of the 125 delegates to the county convention.

At the Great Number of Cases of Catarrh, and the Death Rate of Same is Appalling.

The Death Rate is Being Greatly Reduced by the Use of

ABSOLUTE CURE FOR

In any part of the human system, whether the Head, Throat, Lungs, Stomach, Kidneys, Bowels or any part of the human body where there is mucous membrane. Thousands of cured ale stand ready to testify that it does cure Catarrh, no mater where located or of how long standing.

The death rate from Catarrh from every state in the Union inst year was simply appulling. In Nevada, the smallest state, more than 300 deaths, and in the great state of Texas over 18,000 deaths were reported.

The first three months this year the death rate in Texas alone was cut down to least than 2000 and the reason is that every physician and draggist in the entire state of Texas have found that De Lacy's Cin-Ko-Na and Iron is an absolute specific and cure for Catarrh in every part of the entire system; hence they are recommending it right and left to men and women who are sufferers of Catarrh. Many call their trouble by other mines, such as dyspepdia, lung troubles, etc., but in most instances it is Catarrh. If De Lacy's Cin-Ko-Na and Iron is the past three months, the death rate in the past three months, the death rate will not exceed 7000 for 1904, against over 18,000 in 1003, which will be phenomenal, but the same great reduction is not only being reported from Texas, but from Massiagpi, Louisiana. Bills of fare in the restaurants on which coffee cost 45 cents are said to account for the prevalence of cold lunches. Of this amount 25 per cent is the Exposition com-

Of the various lunching parties the Frenchmen connected with the Fair have the largest, known as the Pot Au Feu Club, which meets every noon in the litthe office of the contractor who is build-ing the French national pavilion. A Freuch gardener acts as chef. His stove is a little heater, two feet square. Just before the noon hour he drops his shovel, scrapes a layor of mud from his booots, roins up his sleeves and forsakes gargening for cooking.

The lunchers, who include members of the French commission, architects artists, scuiptors and ismascape men gather about the bare table, which usually holds a pile of blue prints.

When the soup is cooked the chef lifts the pot from the stove to the table and it is served. It is followed by a saiad, fruit and fine red wine.

Another club just formed meets in the chapel of the Administration building. Its members are women of the Exposition and they call themselves the "Stent Six," although their number is whrisble and their silence is not, noticeable. Each member brings her package of sandwiches and cakes, and occasionally one contributes a saiad. A tablecloth is made of Japanese napkins Coffee is served from the

Many other little clubs are distributed through the building, whose members bring their lunches quietly in boxes and eat them without paying the Exposition a cent for the privilege.

No relief is looked for until the soldiers' messroom is opened for business. It promises to feed Exposition employee big "country dinners" at 25 cents each.

Coal Wagon Ends Boy's Life. The third bereavement of Mrs. James Algeo in six months was in the death of her 5-year-old son, David, as the result of injuries under a coal wagon, sustained while playing hall in the street Satu-day. Six of the boy's little playmates acted as pall-bearers at his funeral, held Monday afternoon. Mrs. Algeo's brother was shot and killed last September, and her mother cropped dead in January.

J. W. MOORE, Monticello, Minn., writes: "Four bottles of Drake's Palmetto Wine has cured me of Catarrh of Bladder and Kidney Trouble. I suffered ten years and spent hundreds of dollars with the best doctors and specialists and got no benefit. I am a well man again and cannot thank you enough. I have recommended Drake's Palmetto Wine to nine persons who are now taking it with good results. One young woman in Monticello was given up to die with Bladder Trouble by a Minneapolls specialist, and he and our local doctor said they could do no more for her. Her father got a bottle of Drake's Palmetto Wine, and she has now taken it a week and is rapidly recovering. I write this out of gratitude to you, and you are at liberty to publish it if you wish to."

J. W. BROWN, Kasbeer, Ill., writes: "I had Stomach Trouble 25 years. Had vomiting spells and threw up pup and blood, and would get so weak I could not walk. I was that way when I received your trial bottle of Drake's Palmetto Wine, and had given up hope of ever getting any relief at all. I used the trial bottle, got four large bottles and used them. I am glad to say my sjomach is all right and I feel like a new man. You don't know how a person suffers when afflicted as I was, nor what a relief is experienced when cured."

A. A. FELDING. Knoxville, Tenn., writes: "I had a bad case of Sour Stomach and Indigestion. I could eat so little that I was "falling to bones." and could not sleep nor attend to business. I used the trial bottle and two large seventy-five-cent bottles and can truthfully say I am entirely cured. I have advised many to write for a free trial bottle."

JAMES McCARTHY, 149 Breckinridge Street, Detroit, Mich., writes: "I purchased at the drug store a bottle of Drake's Palmetto Wine, and find it unsurpassed for kidney trouble, and I am sure it will do all you claim for other complaints. I am recommending it to my friends, and wish you every success for your wonderful medicine."

SQUIRE CLARDY, "The Arlington," Hot Springs, Ark., writes: "After using Drake's Palmetto Wine seventeen days I have no sick stomach, and my bowels have become as regular as clockwork, digestion is good once more, and I am gaining in weight. Use this for the good it will do some other sufferer."

MRS. M. E. GIVENS. Jackson, Tenn., writes: "Drake's Palmetto Wine has relieved my stomach. My son's wife, at Mounds, Ill., was having the doctor wash her stomach out and could eat only graham bread and drink sweet milk. After taking your Wine can eat anything she wants without hurting her."

R. W. BLACKBURN. Butler, Tenn., writes: "My liver hurt me; I had giddy spells; I had to get up seven or eight times every night; my head and stomach were in a dreadful fix. Drake's Palmetto Wine has relieved me of every trouble."

JOHN A. ERWIN. Rockwood. Tenn., writes: "I was a sufferer with my stomach for twenty years. Tried many doctors and had my stomach washed out, but got no relief until I began taking your Drake's Palmetto Wine."

A Free trial bottle alone has brought health and vigor to many, so you owe it to yourself to prove what it will do in your case. Call at following druggist today for a free test bottle.

JAMES G. GRAY. Gibson, Mo., writes about Drake's Palmetto Wine as follows: "I live in the Missouri swamps in Dunklin County and have been sick with Malarial fever, and for fifteen months a walking skeleton. One bottle of Drake's Palmetto Whe has done me more good than all the medicine I have taken in that fifteen months. I am buying two more bottles to stay cured. Drake's Palmetto Wine is the best medicine and tonic for Malarial, Kidney and Liver aliments I ever used or heard of. I feel well now after using one bottle."

been saved years of suffering. My stomach and bowels
were in dreadful condition. I would have sinking
spells, and my bowels would discharge a hot, slimy
substance; would feel so had I wished I might die.
Your Palmette Wine has stopped that feeling, and I
do not have sinking spells. My bowels are not quite
well, but, oh, so much better. I truly thank God
for the blessing—for a blessing it was to me. I am
truly thankful to you, and remain your very grateful friend."

D. MOORE. Geneva, N. I., writes: "Obtained a bottle of your Drake's Palmette Wine of our druggist. My wife is deriving much benefit from the Wine for obstinate constipation—indeed the most she has received from any and all other medicines. I also am helped of kidney difficulty. We regard it as an excellent remedy. It has no defects or drawbacks. It does its work quietly, kindly and sweetly, and leaves no evil effects. We take pleasure in speaking of it to others. I went a few days ago to see a sick brother, and took a bottle along, hoping it might benefit him. I am a retired minister of the gospel and 32 years old."

MRS. SUE A. MAY. Luverne, Ala., writes: "I am the mother of eight children, and have been in bad health ever since I was married. I had been sick in bed for three months—had physicians every day—when I received your Drake's Palmetto Wine. After taking it for two weeks was able to be up and attend to my work. It is truly a splendid remedy. I will always thank you and my God for such relief."

MISS FLORENCE GORDON, Braymer, Mo., writes:
"I have for several years been troubled with catarrh
of the head and throat, until my voice, which was at
one time beautiful, was almost ruined. Had sneesing
spells which lasted sometimes for two days. Since
beginning the use of Drake's Palmetto Wine have
not had even a slight attack, and feel sure I am
cured."

M. T. LANE, Glencoe, Ill., writes: "I have lived in Florida several years, and know from experience the value of Palmetto fruit. Drake's Palmetto Wine has the real taste and result of palmetto. In extreme constipation it relieves without griping and cures."

S. K. BROWN. Easton. Pa., writes: "I have never found the equal of Drake's Palmetto Wine for stomach trouble and constitution, and it is invigorating as a tonic. It is the best and cheapest medicine. I have ever found."

MRS. V. L. ARNOLD. Wales, Mass., writes: "I have taken your Wine for inflammation of the bladder and am cured of that trouble, besides feeling much better in every way."

IT'S IMPOSSIBLE

To Disprove Facts-It Is Decidedly Easy to Verify St. Louis Opinion.

Nothing by way of an introduction could be added to the experiences and opinions given below, which could increase their value. St. Louis people can safely be left to draw their own conclusions, based on such convincing proof as this citizen offers. What is there lacking in evidence like this to satisfy a dyed-in-thewool doubting Thomas?

evidence like this to satisfy a dyed-in-the wool doubting Thomas?

Guatave F. Schoenfeld, crayon, pastel and India-ink artist, living at 225 South Jefferson avenue, St. Louis, says: "It is hard to believe and still harder to understand that five or six doses of Doan's Kidney Pills, procured at Wolff-Wilson's, corner Sixth street and Washington avenue, cured-me of pain in the back, attacks of which I had for four years. During that time I used more than one preparation, but the aching across the loins was always in evidence, particularly if I stooped or brought any strain on the muscles of the back. I have been so that I could scarcely straighten for an entire week. From the condition of the kidney secretions I knew those organs were either sacited or weakened, and when Doan's Kidney Pills put them in a good, sound, bealthy condition, I am only too pleased to let other residents of St. Louis know that fact."

The second day of the final round for the commissioners' trophy in the police department began at 9 o'clock Tuesday morning at the Chestnut street station range.

The Browns had an easy time shutting out the Fort Worth team this afternom by a score of 12 to 10. The boys played good ball in the field, at the bat and on the basses. Sievers pitched an excellent game, allowing his opponents but four hits. His support was perfect.

Jones, Padden, Kahoe and Sievers entertained the crowd with an exhibition of base running that bewildered the Fort Worth, play 78. Fadden was the uright star in this line, making a record of four steals. Dick had a good time telling the opposing pitcher when he intended to steal and then doing it.

The feature of the game was Demontreville's work at third base. Gene accepted eight chances without an error and some of them were hard to handle. At the bat the little third baseman did not have a chance to do much spectacular work, as he was instructed to sacrifice every time up. This he did successfully. All the other players made hits, Wallace leading the bunch with two doubles and a single. Tomorrow the Browns and "Tigers" play at Guthrle for the benefit of the Carnegie library.

FORT WORTH, Tex., March 29.—The Browns may have suffered a sewere setback this afternoon in the injury sustained by "Bobby" Wallace, who sprained his left ankle in trying to slide to second base. He was caught off the sack in the eighth inning and had to get back quickly. He tried to slide onto the bag and his spikes stuck in the ground, causing him to wrench his ankle severely. McAleer hopes that Wallace will be able to play in the series with the Cardinals.

"Nothing worse could have happened to us," said McAleer today. "Our infield was fast and like clockwork. I am afraid the team may go up in the air if Wallace is unable to play for any length of time. All the players have confidence in Wallace, which they would not feel in his substitute no matter how capable he might be Wallace is better now than I ever saw him and his hitting will be needed in the games with the Cardinals. H. HILL WILL PLAY IN SERIES WITH CARDINALS.

SERIES WITH CARDINALS.

The probable loss of Wallace to the Browns, for the series with the Cardinals, is in a measure offset by the fact that Hunter Hill, whom McAleer thinks will brove the greatest third baseman in the business, will be at third station in the game against Nichols' men.

Hill arrived in the city latst night, having been sent on in advance of the club by Manager McAleer to recover from what was supposed to be a serious illness.

Hill's case took a sudden turn for the better and this morning he said he thought he would be in form to hold down third bag for the Browns.

With Wallace out the probable makeup of the Browns, infield for the spring series will be Jones 1b, Padden 2b, Demonts, Hill'3b.

The absence of Wallace breaks up for the present what McAleer considers the greatest infield in the world.

Jones, McAleer says, will be the greatest first baseman in either league before the end of the year, and points to undoubted hitting, running and fielding ability of that player.

Padden, with a silver wire holding to-

player.

Padden, with a silver wire holding together the thumb bones of his throwing
hand, is cutting capers like a colt and is
throwing and fielding in what McAleer
says is his best form.

One week before the spring games the
Cardinals certainly appear to be inferior
in the infield to the Browns.

Feltz appears to have continued his backward career ever since his defeat by Joe Cherry at Detroit some months ago. Feltz is practically matched to meet Gus Bezenah, the hustling Cincinnati featherweight, in the near future. Bezenah is looked to take more laurels from the once-promising Polander.

Told of Mark Twain.

Mark Twain and W. D. Howells were one day lunching in a cafe in New York.

Two over-dressed young men entered, and the first said in a loud voice:

"Waiter, bring me some bisque of lobster, a bottle of white wine and a chop. Just mention my name to the cook, too, so that everything will be done to my liking."

"Bring me some sole with peas, and tell the cook who it's for." Mr. Twain gave his order a moment late He said, with a wink at his companion: "Bring me a half dozen oysters and men-tion my name to each of them."—New York

Getting Rid of a Bore. From the New York Press.

A wise chap is going from office to office selling information on the important subject, "How to get rid of bores." He is the biggest one of the lot, and business men frequently buy of him in order to get rid of him. For 10 cents he sells a small manila envelope containing a slip of paper on which is written. "Have but one chair in your private office and occupy that yourself. Pretend to have a lot of tele-phoning to do. Let one of the clerks run in and out every second or two as if on urgent business. Put on your hat and Mamma (teaching Johnny the alphabet):

Now think hard, dearle, what comes after the second and t frown." The advice is good as far as it goes, but bores do not take hints. The targets housekeeper of ours shut me up thing is the hose.

Mrs. Mouse: Yes, I know. You see that careless housekeeper of ours shut me up in the icebox all night.

Miss Marlowe began a week's engagement at the Olympic Theater Monday night. She was here three months ago in "Foots of Nature," a fool play which gave the actress no opportunity to display her art. She dropped the thing, and now she is resumed to make amends. She is playing "When "hood Was in Flower" the first of the week, and from Thursday night on she will play "ingomar."

Miss Marlowe's first night audience was not big. It was only a fairly good house. Which means that a great many empty seats fairly groaned aloud in their lamencation that their ordinary occupants should be missing something so delightful as the performance given Monday night. It was delightful, truly. They have the figures to work the crowd when there is too much selling, and don't forget the crop isn't made yet. It's a great market to lift large, juley scalps in, and don't you forget that fact, either.

Corn and oats had the bull temporarily knocked out of them by the kerdume what made. They had a good advance, anyway, and profits are always proper to cut out and add to your bank roll. BABY QUIRK'S Ten Days'

Of Torturing Eczema Great Direct Method That Cures by Cuticura

When All Else Had Utterly Failed.

" My baby, Owen Herbert Quirk, was afflicted from the age of six weeks with a loathsome running eczema, almost covering his face. I took him to Drs. Aldershot, and he was treated by them for three months, but got much worse, and was a sickening eight to look at. I saw an advertisement of the Cuticura Remedies, and got the Sosp, Ointment and Resolvent.

Remedles, and got the Soap, Ointment and Resolvent.

"We soliced an improvement at once, and within a formight the running had ceased and the scales were userly all dried of, and in a month his face was perfectly char, not a spot left. I have enclosed photograph of him when he was thirteen months old. He is now tow years and four months, and has never had the slightest return of it. I som very grateful for the benefite derived from your remedles, and shall feel it a pleasure to make their value known. For corroboration of this statement you may refer any one to Mrs. Williams, 43 Michaels Road. Aldershot, or Mr. Gunstane, 40 Victoria Road. Aldershot, to whom we recommended the remedles for a skin humour, which they also cared. You are at liberty to do what you like with this statement, as I should like all to know of the value of Cutteurs."
